

ZooBurst: How to View Student Work

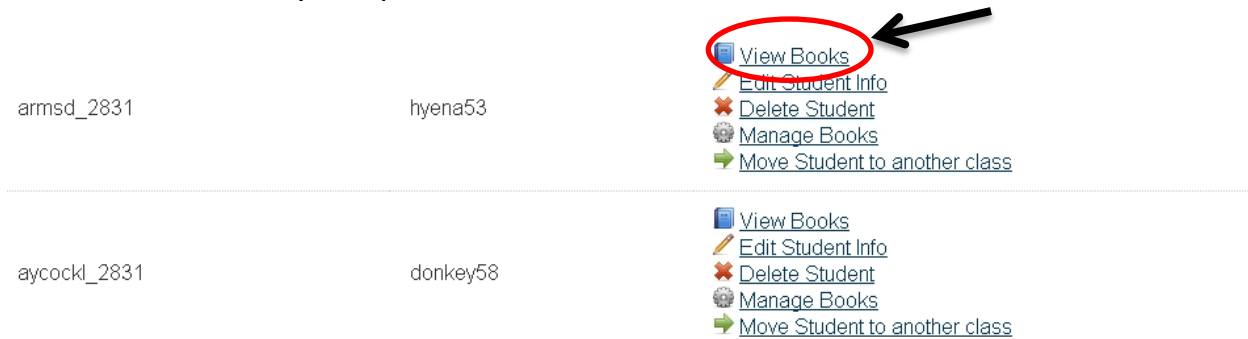

Login to your account, and click the “My Classes” button on the top navigation bar

Scroll down to your classes, and click on students

You'll have a variety of options for each student. Choose “View Books.”

Click “View Book.”

ALSO, you have the option of looking at a gallery of all the books from one class at a time, if you want a quick over view of the whole class' progress.

After you click My Classes, instead of clicking "Students" Click "View Page"

Gensel - Biology - period 4	25	public	View Page Students Edit Delete Organize Books
Gensel - Biology - period 9	25	public	View Page Students Edit Delete Organize Books

Click the "All books" link under Class Galleries

Class Galleries

- [All books](#)

You will then see a thumbnail gallery of all the books created by that class. Click on the image of a book to go to the full version.

Welcome to the class gallery for Eddy Biology - period 2. The gallery below only showcases books that have been created in this class - if you'd like to view books created by the larger ZooBurst community you can use the 'Gallery' tab at the top of the screen.
